To post your offers:

First: create an account on the left

I'm sorry for the inconvenience but due to spam abuse I'm obliged to ask you to register before posting as spammers used to add their publicity on the site before that. Thank you

Second: You must have received an e-mail now with a link to activate your account, click on that link in your e-mail box and you should be registered...

third: log in on the site with the name and password you chose.

fourth: post your offer in your country.

fifth: share your offers and those of others if any with the homeless
